

About Us

The Petroleum Contractors Trade Section (**PCTS**) of the Lagos Chamber of Commerce & Industry was inaugurated in 2008 to provide coherent and synergetic focus on issues of common interests.

PCTS provides an avenue for players in our industry to pool resources to make meaningful contribution to our industry, and the Nation at large an opportunity hitherto missed due to lack of such platform.

Working together, we are confident that our organization will be a major influencer on positive growth and development of the nation.

Mission and Focus Area

PCTS Mission is to provide benefit to the Nigeria Oil & Gas Industry and Local Communities through non-profit synergy of member companies and engagement of stakeholders to create value for all.

Achieving these through Commitment, Collaboration and Service Focus by all member companies.

The **PCTS** is primarily focused on issues of viable legislation, corporate social responsibility, safety, and security

Membership Eligibility and Benefits

PCTS Membership is open to Technology & Service Companies participating in the Oil & Gas Industry. The following are the minimum requirements:

- Registration with DPR
- Minimum of 10 years operating in Nigeria
- Registered with the Lagos Chambers of Commerce & Industry with A Rating.

PCTS benefits include:

- Networking among service company business leaders in Nigeria
- Provides opportunities for representation and interface with high level Government and institutional stakeholders.
- Leverage combined strength of member companies to foster policy advocacy and general industry direction.

Engagement

PCTS aims to provide a platform for strong industry engagement and collaboration which can be leveraged to enlighten stakeholders while protecting and promoting common causes of importance.

- Peer to peer engagement
- Engagement with Law Makers and Regulators
- Engagement with Operators and Peer Advocacy groups such as PETAN, OPTS & IPPG.

With a Country wide focus on infrastructure, health and education in its host communities, **PCTS** member companies have spent over N200M on CSR in the past 5 years.

Relevancy

PCTS member companies are major drivers of Nigeria's Oil & Gas Industry, through technology, products and service deployment. Our contribution by way of direct and indirect Employment, Technology Transfer, Development of Local Capability, CSR and Revenue generation is core to the viability of the industry.

It is therefore important that member companies have a strong voice in the discussions surrounding and pertaining to the affairs of the industry in order to help chart the right course to a prosperous future for all stakeholders and the nation at large.

Advocacy

A major objective of **PCTS** is to positively influence causes of interest and impact on member companies. **PCTS** has actively engaged and submitted memorandum and delivered position paper for the following

- Petroleum Industry Bill
- Nigeria Local Content Development and Enforcement Bill
- Nigeria Local Content Development and Enforcement Commission Bill
- Local Content Amendment Bill
- Deepwater Bill etc
